# SiselGUT Essentials™

## Digestive Enzyme Support Strawberry Lemonade Flavor

Unlock complete digestive wellness with our unique blend of enzymes, coenzymes, and digestive support ingredients, designed to optimize nutrient breakdown and absorption for a fully balanced digestive system.\*

## PRODUCT DESCRIPTION

Modern diets, stress, and aging can lead to reduced production of digestive enzymes, making it more difficult for a healthy body to properly break down food and absorb essential nutrients. Without positive enzyme support, issues such as bloating, indigestion, and nutrient deficiencies can arise, impacting overall health and energy. Digestive enzymes are important for breaking down proteins, fats, and carbohydrates, ensuring your body gets the nourishment it needs.

SiselGUT Essentials Digestive Enzyme Support offers a unique blend of enzymes, coenzymes, and specialized digestive support ingredients to promote positive nutrient breakdown and absorption. This comprehensive formula is designed to encourage a balanced digestive system by supporting reduced discomfort, positive gut health, and helping you benefit from the food you eat. With SiselGUT Essentials, you can enjoy healthy digestion, nutrient availability, and the confidence of a positive, resilient gut.\*

## DIRECTIONS

► Empty one packet in 12-16 oz of water. Mix well. For best results, consume with a meal.

Store in a cool, dry place.

## INGREDIENT FEATURES & BENEFITS

- **Enzyme Blend and Papaya Fruit** are designed to promote the healthy breakdown of major food groups (fat, carbohydrates, proteins, dairy, fiber, and sugar) into simpler forms of nutrients that encourage absorption.\*
- **Alpha-Galactosidase & Beta-Glucanase** enzymes help resist digestion issues that cause gas and bloating.\*
- **Cofactors for Enzymes** such as thiamin, vitamin B6, calcium, magnesium, and manganese aid in the strengthening and natural production of enzymes.\*
- **Fulvic Powder** helps the natural production and activation of digestive enzymes while supporting nutrient absorption.\*
- **White Chlorella** is packed with nutrients, including all nine essential amino acids, and promotes heavy metal detoxification before they can be absorbed by your body.\*
- **Ginger** helps soothe digestive discomfort, promote nutrient absorption, and encourage a balanced, healthy digestive system.\*
- **Chicory Root and Spinach Powder** promotes regular digestion, beneficial gut bacteria, and supports a healthy balanced microbiome for overall wellness.\*
