SiseLEAN™ supports rapid and long-term fat burning and muscle building. **SiseLEAN** weight management support shakes also fill the nutritional gaps that are left when dieting and exercising. This luscious and potent chocolate shake comes packed with 12 grams of premium micellar casein and whey proteins. It's also fortified with vitamins A, D, E, B6, and B12 and over 50 trace minerals, promoting enhanced workouts and improved weight loss management. Since these trace minerals are often lacking from the common Western diet, **SiseLEAN** is a great addition to any diet regardless of your weight loss goals. It is low in calories, but not in nutrition.

When you fuel your day with **SiseLEAN**, you may feel full longer, experience reduced caloric intake, and enjoy improved muscle support. By replacing just one meal a day with **SiseLEAN**, you'll be on a healthy path toward your weight loss goals.

Taste is king! **SiseLEAN** chocolate makes dieting so much easier that, when combined with proper diet and exercise, it deliciously supports your weight loss goals.

At only 100 calories per serving, our exclusive formula helps you kill the cravings and focus on life. Whether you're looking to build mass or slim down, be in control with **SiseLEAN**.

Adding fiber to your diet can help you feel full longer. Each single serving of **SiseLEAN** provides 4 grams of fiber. This may help you reduce cravings and caloric intake throughout the day, ultimately helping you achieve your fitness goals.

Our concentrates are all natural and highly purified, offering support for burning fat, building muscle, and curbing your appetite.
