

# Sisel H<sub>2</sub>STIX™

## Diatomic Hydrogenated Water Powder

sisel  
F137856-10-01

**SiselH2STIX** is a potent fusion of one of life's most powerful elements and macro-nutrients. Hydrogen is the smallest of all the elements in the universe, yet it contains great power. Diatomically fusing two hydrogen atoms together is like releasing some of the sun's power. Imagine a similar kind of energy radiating throughout your body. Through a reaction using water and **SiselH2STIX**, we create supercharged, diatomic hydrogen-infused, super oxygenated water. SiselH2STIX is a great-tasting, easy, and convenient powder that is packed with vitamin C and enriched with magnesium, making it great for pre- and post-workout.

Being the smallest of molecules, hydrogen has amazing capabilities at a cellular level. Hydrogen-infused water offers unique, non-toxic support. It provides an H<sub>2</sub> macronutrient that gives remarkable support to:

- Assist with cell signaling, and encourage healthy cognitive and neurological functions.\*
- Boost overall wellness.\*
- Assist with healthy immune system function.\*
- Promote stamina and endurance potential.\*
- Promote strong bones and muscles, and bolster superior athletic performance.\*

**Powerful, Natural Antioxidant Protection.** Vitamin C is a potent antioxidant and essential nutrient that helps protect cells from damage. Hydrogen is a small molecule capable of going places that many antioxidants may not be able to go. As Hydrogen is positively (+) charged, it seeks to bind with free radicals. When Vitamin C and Hydrogen combine, they work synergistically to inhibit the ability of free radicals to wreak havoc with normal cellular function.

**Cellular Health.** In addition to its potentially incredible protective and defensive qualities, hydrogen water may support cellular hydration and enhance cellular efficiency.

**Cellular Energy.** Hydrogen infused water supports more efficient cellular metabolism and may assist your body's natural creation of energy.

**Recovery.** Hydrogen water may dramatically help with workouts and recovery providing oxygen needed for these activities. Hydrogen-infused water is oxygen rich and may assist the body's natural energy production and removal of lactic acid buildup in muscles and other tissues.

Harness the power of the sun, and reap its benefits, with Diatomic Hydrogen.

Bring your  
H<sub>2</sub> game

## FEATURES AND BENEFITS

- Stimulant-free, oxygenated water.\*
- Infused with diatomic hydrogen.\*
- Supports cellular health.\*
- Helps address oxidative stress by neutralizing free radicals.\*
- Support for increased cellular energy.\*
- Strong, rapid support for recovery after exercise.\*

## DIRECTIONS

Add 1 stick pack to 16 oz of water. Wait 5-10 minutes before consuming.

## CAUTION

If you are under 18 years old, pregnant, nursing, or have a pre-existing medical condition, consult with your health care provider before taking this product. Discontinue use and consult with your health care provider if any adverse reaction occurs. Keep out of reach of children. Do not use if stick is torn or not sealed.

Diatomic Hydrogenated Water Powder

30 STICK PACKS • 45.3g (1.5g / Stick)

## Supplement Facts / Datos de Suplemento

Serving Size / Tamaño por Porción: 1.6 grams  
Servings Per Container / Porciones por Envase: 30

Amount Per Serving / Cantidad por Porción		% Daily Value % Valor Diario
Vitamin C (as Ascorbic Acid) / Vitamina C (como Ácido Ascórbico)	200 mg	222%
Magnesium (as Magnesium Metal, Magnesium Malate, Magnesium Bisglycinate Chelate, Magnesium Oxide) / Magnesio (como Metal de Magnesio, Malato de Magnesio, Quelato de Magnesio Bisglicinato, Óxido de Magnesio)	200 mg	48%
Potassium (as Potassium Citrate) / Potasio (como Citrato de Potasio)	60 mg	1%

**OTHER INGREDIENTS:** Natural Flavors, Spirulina Extract (color), Malic Acid, Fumaric Acid, Stevia Leaf Extract (stevia rebaudiana).

**OTROS INGREDIENTES:** Sabores Naturales, Extracto de Espirulina (color), Ácido Málico, Ácido Fumárico, Extracto de Hoja de Stevia (stevia rebaudiana).
