This treat is the perfect way to indulge in something truly sweet and nutritious. In convenient instant powder, this Mexican-inspired coffee is cafe quality, easy to prepare, and delicious. \*

## PRODUCT DESCRIPTION

SiselKAFFÉ Café de Olla, like other SiselKAFFÉ coffees, uses premium coffee beans which are infrared roasted to lower acidity and enhance flavor. When paired with cinnamon, clove, and star anise, the blend delivers a deep, aromatic spice and is enhanced with organic evaporated cane juice for sweetness. Added cinnamon, clove, and star anise help support overall health.

Café de Olla includes a blend of potent ingredients like chaga, gotu kola, bacopa, and ganoderma (reishi mushrooms). Chaga and ganoderma help provide positive support to your immune system while bacopa and gotu kola support cognitive function. Not only is Café de Olla both uniquely delicious, but it's also nutritious. This unique flavor profile, combined with potent healthy ingredients, is the perfect way to enjoy the holiday season. \*
