

Encompass 360™

Antioxidant Multi-Vitamin and Mineral Dietary Supplement

sisel
F133631-10-01

Enjoy the best in overall nutritional support with **Encompass 360** megamultivitamin, mineral, antioxidant (from Vitamins A, C, and E) formula as part of your daily health rejuvenation supplementation program. Why settle for the minimum multivitamin when you can have a highly concentrated spectrum of nutrients that often far surpasses the “recommended daily allowance?”

We live in a day and age where our foods have become so nutritionally incomplete and, in some instances, detrimental to our health. Current food products may lack as much as 75% of the nutritional value that our parents and grandparents had from fruits and vegetables. Unfortunately, as we are currently experiencing a decline in the essential nutrients necessary to support proper health, we continue to see an exponential increase in the introduction of new chemicals in the form of household and industrial solvents, cleaners, volatile organic compounds, dioxins, phthalates and more. With this increase we are also witnessing an increase in health issues associated with deficiencies in essential vitamins, minerals and antioxidants.

It is essential in today's world to embrace high quality natural nutritional supplementation. The body needs the proper nutritional components to function at its full genetic and biological potential.

A nutritionally depleted body may lead to degenerative and metabolic decline. The right nutrients must be present to fuel essential biological processes. Vitamins and ionic trace minerals are important support for cellular enzymatic functions, biochemical processes, protein and enzyme synthesis, ATP energy production, metabolic vitality, vital organ function and health, a robust immune system, and regulation of cell and tissue growth.

Encompass 360 properly blends natural ingredients to support a multitude of health related bio mechanisms that affect our lives. It provides nutritional support for proper physical, mental and emotional health. Give your body maximum support to ensure superior performance.

Boost Your
Immune
System with
the Immense
Support that
Encompass 360
Provides!
