Eternity®

Resveratrol Polyphenol Liquid Dietary Supplement

Tap into longevity with Eternity, rich with antioxidants from fruit extracts including resveratrol from red grape skin in a concentrated elixir to support energy, metabolism, and cellular health. Each serving delivers the Resveratrol equivalent of about 40 bottles of red wine, helping activate genes in the cells that promote longevity and overall vitality. *

PRODUCT DESCRIPTION

Eternity is a powerful liquid supplement that makes Resveratrol from red grape skin and other fruit extracts more bioavailable. Resveratrol is a unique plant compound that acts as an antioxidant, protecting against environmental stressors like UV light, and has been shown to scavenge free radicals. Studies suggest that Resveratrol positively supports the sirtuin 1 gene (SIRT1), which impacts cellular energy and healthy aging.

Eternity is rich in Resveratrol, as well as known antioxidant fruit extracts from pomegranates, blueberries, and other berries. Eternity is designed to support and protect your cellular health, nourish your cardiovascular system, promote healthy cholesterol levels, and assist with weight management. Regular use of Eternity may contribute to increased longevity, leading to a longer, healthier life. *

Drink undiluted or mix into another beverage. For best results and more absorption, hold Eternity in your mouth for about 60 seconds before swallowing.
