

SiselKAFFÉ™ Flavored Sencha Tea

Premium Japanese Sencha Tea

sisel

F135042-10-01

For thousands of years, green tea has been one of the most popular beverages in the world, and for good reason. Green tea is not only great tasting, but it can provide great benefits for the human body. Green tea's supporting benefits are numerous and may include boosting immunity, promoting healthy cell growth, increased energy, diminishing the effects of mental stress, supporting weight loss, along with properties that function like antioxidants.

Sisel's Sencha Tea is rated by many as the finest tasting green tea variety. It can provide a calming, stress-relieving state to energize your mind at the same time. Our proprietary blend contains extracts of the powerful Chaga, Bacopa and Gotu Kola, which increase the potential health effects offered in every cup.

Chaga contains B-vitamins, flavonoids, phenols, minerals and enzymes to support the immune and digestive systems.

Bacopa can support cognitive functions.

Gotu Kola's leaves and stems have a long history of supporting respiratory and cardiovascular health.

When the stress of daily life begins to take its toll, brew a fresh cup of **SiselKAFFÉ Flavored Sencha Tea** and reset your life as often as you like.
