## PRODUCT DESCRIPTION

Spectra MAXX is the ultimate nutritional formula to provide support for all our cells and vital organs. Our diets often lack essential nutrition, and studies have shown that over the last 50 years, our fruits and vegetables are less nutrient dense than they once were due to agricultural practices and demand. Spectra MAXX helps make up for that deficit, aiding healthy organs and body functions and providing more energy. *

Spectra MAXX makes it possible to gain the benefits of over 40 fruits and vegetables including increased vitamins, minerals, and antioxidants, which helps with overall health and improved body functions. The special blend of 74 essential trace minerals helps support essential body functions and fulvic acid helps encourage healthy cellular respiration which can help with feeling energized. *
