OrganiCleanse™ Fruit & Vegetable Wash

Cleanse your produce of dirt, grime, and residues with OrganiCleanse Fruit & Vegetable Wash. This all-natural cleaner can help break down pesticides, weed killing chemicals, waxes, and toxins, keeping your produce fresh. OrganiCleanse contains ingredients that naturally repel bacteria to support your healthy, Sisel Safe® life.

PRODUCT DESCRIPTION

OrganiCleanse is a washing solution designed to gently clean your produce with potent cleansing ingredients like fulvic acid and colloidal silver. Produce is often sprayed with pesticides, weed-killing chemicals, and fertilizers, covered with waxes, and subject to bacteria and other toxins. Natural ingredients like fulvic acid may bind to toxins on the surfaces of your produce, so they can be rinsed safely away.

OrganiCleanse uses colloidal silver, helpful for its cleansing and purifying properties, which can further clean your produce and help keep it fresh. OrganiCleanse is a budget-friendly, concentrated formula created for you to use less product with each wash, making it last longer. Each ingredient is considered Sisel Safe®, making this the perfect way to keep your bounty clean.

DIRECTIONS

Pour 3 capfuls into 1 quart of water to cover the produce. Soak for at least 3 minutes. Swish or lightly wash. Rinse thoroughly.

INGREDIENT FEATURES & BENEFITS

- ▶ **Toxin Free:** Formulated with all-natural and toxin-free ingredients. This formula is also sulfate, fragrance, and dye free.
- ▶ **Environmentally Friendly:** Ingredients are effective for washing produce to get rid of toxins while still safe for the environment.
- ▶ **Budget Friendly:** The concentrated formula allows you to use less product with each wash.
- ▶ **Sisel Safe®:** OrganiCleanse uses natural, safe, effective ingredients that replace harsh chemicals and toxins for a Sisel Safe home.

-  **CLEANSING**
Safely and effectively wash produce.
-  **TOXIN FREE**
