ScrubShot™ Clean & Clear Wash

Cut through heavy grease and food residues with ScrubShot Clean & Clear Wash, a versatile cleanser for the kitchen and home. ScrubShot comes in a convenient spray bottle that helps you evenly coat heavy soil for easier clean up. ScrubShot can be used on dishes, stoves, counters, floors, fabrics, or anything that needs an extra deep clean.

PRODUCT DESCRIPTION

ScrubShot is a deep grease cleanser that can help cut through tough, stuck-on messes. In a convenient spray bottle, ScrubShot foams as you spray to help cover a wider surface and allows soap bubbles to cling to greasy surfaces. Spend less time at the sink scrubbing your kitchen and let ScrubShot break down grease and stuck-on food particles so you can get your work done and have more time for other things.

ScrubShot is not only great for dishes in the sink, but it can also be used as a versatile cleaner around your stove, microwave, counters, floors, and even smokers and grills. You can use ScrubShot anywhere there is grease residue and build up. ScrubShot is Sisel Safe® and free of sulfates, parabens, phosphates, and other harsh chemicals. This cleanser is a smarter choice for your home without losing the potency needed for a good, thorough clean.

DIRECTIONS

- Spray directly on greasy or heavily soiled spots. Allow suds to sit for a minute or two before washing and rinsing.
