

Aligning the power of nature and the advancements of science, Natrience is clean, customized skin care formulated just for you and your skin's specific needs.

Go Firm Phyto Firming Boost

Provides a Firm, Lifted Look • Supports Skin's Natural Collagen Synthesis • Protects Skin's Elastic Network

Powered by a 10% Phyto Firming Blend to visibly firm, lift, and support skin's elasticity, revealing a strengthened, revitalized appearance.

Go Firm supports skin's collagen and elasticity while helping skin look and feel firm and lifted. With their uplifting action, a fruit-derived fusion of hero ingredients elevates your rapid and long-term results by visibly plumping and tightening skin. Go Firm reveals your skin's strengthened, revitalized appearance.

Ingredient Features and Benefits

- A uniquely derived and powerful Peach Resin provides a concentrated and balanced ratio of essential elements that support skin elasticity and density to provide an immediate lifted look and firmer feel, with continued improvement over time.
- Natural Apple Extract efficiently protects skin's elastic network, combatting the loss of firmness in both chronologically-aged and photo-aged skin, to maintain supple skin with a firm appearance.
- A superior anti-aging active, composed of natural biopeptides from the superfruit Cranberry, provides three targeted benefits: support for skin's natural barrier, reduction in the appearance of lines and wrinkles, and a boost to skin's radiance.
- The phyto-technology benefits of plant cells derived from Eryngium Maritimum, an exclusive marine plant stem cell culture, are designed to help boost the regeneration of aging skin and support elastin and collagen synthesis for plumped, firm-looking skin.
- Natural Peach fragrance provides an uplifting, fresh scent.

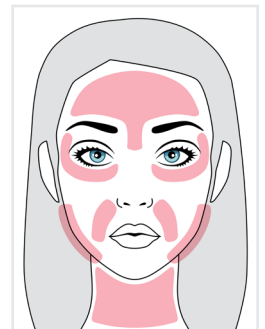

Ingredients

Water (Aqua), Butylene Glycol, Vaccinium Macrocarpon (Cranberry) Fruit Extract, Prunus Persica (Peach) Resin Extract, Pyrus Malus (Apple) Fruit Extract, Eryngium Maritimum Extract, Xanthan Gum, Lecithin, Sclerotium Gum, Pullulan, 1,2-Hexanediol, Caprylyl Glycol, Hexanediol, Ethylhexylglycerin, Ursolic Acid, Fragrance (Natural).

0.5 fl. oz. (15 ml)

Directions

Apply once or twice daily. Use alone or add to serum or moisturizer. For those with sensitive skin, test on a small area before applying to entire face. Avoid direct contact with eyelids and lips.

Inspired by Nature, Refined by Science, Made Safe by Sisel, Loved by Skin

Natrience formulas are created on a foundation of natural ingredients that have been refined by technology and cutting-edge advancements in skin science into their most active and bioavailable components. Every ingredient meets our stringent Sisel Safe® standards with the highest levels of safety, purity, and integrity. These perfected ingredients are thoughtfully formulated into our Natrience skin care line where they are loved by you and your skin for their visible anti-aging benefits and for the health, vitality, and wellbeing of your skin.

FAQ

Q. How does Go Firm Phyto Firming Boost support skin health?

A. Firm skin is often associated with healthy-looking skin. With age, skin becomes less defined with the depletion of collagen and elastin, resulting in sagging skin and wrinkles. Phyto firming ingredients, like the fruit-derived active ingredients found in Go Firm, provide significant benefits in creating a lifted look and firmer feeling appearance.

Q. What are the key benefits of Go Firm Phyto Firming Boost?

A. Go Firm Phyto Firming Boost is formulated to provide a firm feel and lifted look, support skin's natural collagen synthesis, and protect skin's elastic network.

Q. What does the term phyto mean and what are the phyto firming ingredients in Go Firm Phyto Firming Boost?

A. Phyto means plant-derived, and phytonutrients are the substances found in certain plants which are beneficial to human health. The powerful phyto-hero ingredients found in Go Firm are derived from peach, apple, and cranberry fruits, as well as plant stem cells from a unique marine plant. Part of the definition of phyto means to "spring up", which is also a spot-on description of Go Firm's benefit of giving your skin spring, bounce, and a plump appearance.

Q. What is the difference between a serum and a booster?

A. A serum is a blend of active ingredients designed for skin health, repair, protection, and comprehensive anti-aging benefits. A booster, like Go Firm, provides a targeted treatment with focus on the unique capabilities of high-concentration hero ingredients. Whether used before, after, or mixed with serums, boosters are added to your regimen to customize your routine, boost the activity of your skin care products, and help you quickly achieve the exact results you want.

Q. How do the hero ingredients in Go Firm Phyto Firming Boost work together to provide results?

A. The hero ingredients in Go Firm were thoughtfully chosen for their individual and combined ability to support firmer, lifted skin. The powerful combination of phyto-derived ingredients work synergistically to promote skin elasticity, support collagen synthesis, and reduce the appearance of sagging skin.

Q. How do I use Go Firm Phyto Firming Boost in my skin care routine?

A. Go Firm can be used individually, combined with Natrience Cell Anew Perfecting Serum or other Natrience boosters, or mixed with your Natrience moisturizer of choice.

Q. How many times a day should I use Go Firm Phyto Firming Boost?

A. Use Go Firm twice daily or as needed to target sagging skin and loss of firmness or elasticity.

Q. How soon will I see results from Go Firm Phyto Firming Boost?

A. Go Firm is formulated with active ingredients that show beneficial visible effects within minutes, within days, and within weeks. For example, clinical studies on Peach Resin show immediate improvement in skin elasticity, with increasing benefits over time.

Q. How do I choose which serum or booster to add to my Natrience routine, and when to add them?

A. Consider adding one serum or booster at a time and allowing a two-week period for your skin to adjust before adding another. A good starting point is Cell Anew Perfecting Serum, formulated to support healthy skin and reduce multiple signs of aging. Then consider adding a booster that matches your main skin concerns: Go Bright to brighten skin and reduce the appearance of dark spots or discoloration; or Go Clear to reduce the appearance of blemishes, slough off dead surface skin and clarify skin tone; or Go Firm to plump skin, support and protect your skin's collagen and elastic network, and provide a firm, lifted appearance.
