

Aligning the power of nature and the advancements of science, Natrience is clean, customized skin care formulated just for you and your skin's specific needs.

Skin Dew Refreshing Mist

Deeply Hydrates • Protects Against Blue Light • Defends Against Environmental Stressors • Refreshes Skin

Powered by natural ingredients that provide protection against the visible effects of daily exposure to blue light, environmental pollution, and stressors, all while nourishing, conditioning, and refreshing the skin anytime, day or night.

Whenever you need a super-moisture-binding spritz of skin-healthy hydration, Skin Dew Refreshing Mist is your solution. A trio of multi-tasking hydrators quenches skin's thirst for moisture and enhances your youthful appearance. Combined with the power of natural blue light, environmental, and cellular protection, your skin is ready for even the toughest conditions it faces. Skin Dew leaves skin smooth and dewy, reinforced and refreshed.

Ingredient Features and Benefits

- A trio of multi-tasking ingredients provides triple-action hydration plus bonus benefits:
 - Hyaluronic Acid acts as a water reservoir to plump skin for improved elasticity and reduce the appearance of lines and wrinkles.
 - Sodium PCA binds moisture to the skin to help protect skin's natural barrier.
 - Coconut Water is rich in natural vitamins, minerals, nutrients, and electrolytes to support healthy cell growth, improve skin elasticity and tone, and decrease roughness.
- Calendula Officinalis Flower Extract, commonly called Marigold, helps protect against the appearance of aging caused by everyday exposure to high-energy blue light from digital and electronic devices, to help minimize the look of pigmentation and feel of rough skin, and encourage skin gloss and elasticity.
- Sourced from the deserts and salt lakes of Egypt, Ectoin is a natural amino acid packed with cellular protection from environmental stressors to visibly improve the appearance of damaged, aged, stressed, or irritated skin.

- Rice Protein, a vegetable protein extracted from rice bran, helps improve moisture retention that results in a more hydrated and elastic skin surface.
- Xylitol supports skin's natural microbiome by helping keep the population of good and bad bacteria on skin's surface balanced.
- Natural Citrus fragrance provides a bright, fresh scent.

Ingredients

Water (Aqua), Sodium PCA, Leuconostoc/Radish Root Ferment Filtrate, Cocos Nucifera (Coconut) Water, Hydrolyzed Hyaluronic Acid, Calendula Officinalis Flower Extract, Ectoin, Hydrolyzed Rice Protein, Xylitol, Fragrance (Natural).

60 ml / 2 fl. oz.

Inspired by Nature, Refined by Science, Made Safe by Sisel, Loved by Skin

Natrience formulas are created on a foundation of natural ingredients that have been refined by technology and cutting-edge advancements in skin science into their most active and bioavailable components. Every ingredient meets our stringent Sisel Safe® standards with the highest levels of safety, purity, and integrity. These perfected ingredients are thoughtfully formulated into our Natrience skin care line where they are loved by you and your skin for their visible anti-aging benefits and for the health, vitality, and wellbeing of your skin.

Directions

Spritz 2-3 sprays onto face and neck after cleansing and throughout the day as needed. For best results, hold bottle 6-8 inches from face and spray with eyes closed.

FAQ

Q. How does Skin Dew Refreshing Mist support skin health?

A. Dehydrated skin lacks water. When your skin is dehydrated it can look dull and feel tight. Hydration adds water to the skin. Skin that is properly hydrated is smooth, soft, and youthful looking. Skin Dew Refreshing Mist deeply hydrates as it provides and maintains essential moisture within your skin. Skin Dew helps skin stay hydrated, happy, and healthy.

Q. What are the key benefits of Skin Dew Refreshing Mist?

A. Skin Dew Refreshing Mist promotes deep hydration within your skin and a spritz of skin refreshment any time throughout your day. Skin Dew is formulated to help protect against the damaging visible effects of blue light exposure as well as harsh environmental aggressors and conditions.

Q. What is Hyaluronic Acid and what are its benefits in Skin Dew Refreshing Mist?

A. Hyaluronic Acid is found naturally in your skin. Its main functions are to store water and contribute to skin elasticity. Skin Dew Refreshing Mist hydrates with a unique form of Hyaluronic Acid that easily absorbs and quickly reaches the areas of the skin where it goes to work improving hydration and imparting anti-aging benefits. Hyaluronic Acid is able to bind up to 1000 times its weight in water and can hold it within the skin's surface. It rejuvenates the skin by improving elasticity and decreasing the appearance of lines and wrinkles.

Q. What is blue light and what are its negative effects on my skin?

A. Also known as high-energy light, blue light comes from computer and phone screens, and other light-emitting electronic devices, as well as the main source – the sun. Blue light can stimulate the production of free radicals in the skin which may accelerate the appearance of aging, including breaking down collagen and creating hyperpigmentation.

Q. How does Skin Dew Refreshing Mist protect against damage from blue light?

A. Skin Dew Refreshing Mist is formulated with Calendula Officinalis, a natural extract commonly called Marigold that is rich in antioxidants and carotenoid properties. This powerful blue light absorbing active ingredient inhibits free radicals and helps filter harmful high-energy blue light, helping delay the signs of premature skin aging like lines and wrinkles, loss of firmness, and discoloration.

Q. How does the environment affect my skin?

A. From extreme weather conditions to air pollution to pollen and allergens in the air, the environment can take its toll on your skin. As the body's largest organ, the skin interacts significantly with the environment. Exposure to harsh or changing conditions can have adverse effects on your skin, causing uneven skin tone and rough texture, and accelerate the appearance of skin aging.

Q. How does Skin Dew Refreshing Mist protect against damage from the environment?

A. Skin Dew Refreshing Mist is formulated with Ectoin. This natural amino acid sourced from the deserts and salt lakes of Egypt is packed with cellular protection from environmental stressors to soothe, hydrate, and support skin repair.

Q. When and how often should I use Skin Dew Refreshing Mist?

A. Apply Skin Dew Refreshing Mist morning and night after cleansing or exfoliating as a pretreatment to prepare skin for Natrience serums, boosters, and moisturizers. Use it throughout the day whenever you need a refreshing moisture boost. Be sure to use Skin Dew anytime you have screen time, as Skin Dew can help protect skin from the visible effects of blue light, and when you're out and about to defend against environmental aggressors.
