

# EMPOWER 2026 Weight Loss Competition

Contest Dates  
January 1<sup>st</sup>  
to March 31<sup>st</sup>

You can compete in one or two different categories: **Weight Loss** and **Fitness Sales**

Kick off the year with clear goals and a renewed commitment to your weight management journey. Lasting change begins with simple habits, and Sisel's weight loss, fitness, and gut health products make it easy to jumpstart real results. Pairing Sisel products with healthy eating and regular movement will help you gain confidence to feel capable and in control. This is your year to get it done and feel empowered!

# 1

## Weight Loss

Gather your five closest friends (for a total of 6) and form a dynamic weight-loss team!

# 2

## Fitness Sales

During this challenge you will receive points for weight loss, fitness, and gut health products purchased by your personally-sponsored downline.

### Weight Loss Competition

- Invite five of your closest friends and create a Team to lose weight and win up to **\$9,600** in prizes.
- Every participant must enter their starting weight and purchase at least 50 OV from fitness products each month during the competition.
- After entry, every month, Sisel will track you and your team to make sure everyone is purchasing and losing weight.
- If an individual fails to purchase 50 OV from fitness products during a month, a participant forfeit will occur, and the participant's weight loss results will be excluded from the team's results for that month. If the team allows, that person can jump back into the challenge the following month.
- Coaches can create more than one team simultaneously during the competition.

### How to Enter

The contest starts January 1st, but Teams have until January 16th to register in time to compete during January. Teams can register after the 16th but will only qualify for the following month, but can still compete for the grand prize. To enter a team into the competition: the Coach will call or email Customer Service and provide a team name, their name, I.D. number, starting weight, and the names, I.D. numbers, and starting weights of each Team Member. From there, the Coach will track each Team Member's progress in pounds lost (including their own) and call/email these results to Customer Service at the end of each month! Every month Sisel will release a leaderboard with prizes to the team that lost the most weight.
