# Encompass 360™ Advanced Multi-Vitamin and Multi-Mineral

Fortify your body with Encompass 360, the ultimate daily multi-vitamin and mineral supplement to support your health. With 13 vitamins, 9 essential minerals, 59 ionic trace elements, powerful antioxidants like Vitamin A, C, and E, and fulvic acid, Encompass 360 provides a huge daily boost to your immune system and overall wellness.\*

## PRODUCT DESCRIPTION

Encompass 360 is an all-in-one formula that makes whole-body support simple. In one daily dose, it uses a combination of vitamins, minerals, and antioxidants to provide the best support to your body's systems. Using 13 essential vitamins, including A, C, D, E, K, and eight B vitamins, Encompass 360 helps play a vital role in supporting your nutrition, immunity, and cellular health, and can help protect your cells against oxidative stress.\*

Vitamins work in tandem with key minerals and elements to promote healthy cellular function and overall body health. Vitamin D works with Zinc to support immunity by regulating immune responses, while the blend of trace minerals with vitamins helps support essential biological processes. Encompass 360 goes beyond the basics and additionally provides a botanical blend for natural support.\*

## DIRECTIONS

► Take 4 capsules daily with water.

Store in a cool, dry place.

## INGREDIENT FEATURES & BENEFITS

- **Nutritional Support:** 13 essential vitamins, 9 key minerals, 59 ionic trace minerals, and powerful antioxidants like vitamins A, C, and E, provide comprehensive nutritional support as part of your daily health regimen.\*
- **Immune Function:** Vitamin D and zinc support natural immunity by helping regulate immune responses. Vitamin D also supports pathogen-fighting immune cells, while zinc plays a crucial role in healthy immune cell function.\*
- **Cellular Health:** Vitamins A, C, and E support cellular health by acting as powerful antioxidants, protecting cells from oxidative damage, promoting tissue repair, and supporting overall cellular function and integrity.\*
- **Metabolic Support:** A blend of vitamins and ionic trace minerals can help support essential biological processes, including cellular enzymatic functions, protein and enzyme synthesis, ATP energy production, metabolic vitality, immune system health, and the regulation of natural cell and tissue growth.\*
