PRODUCT DESCRIPTION

SiselKAFFÉ Premium Instant Coffee uses the unrivaled Panama Boquete coffee bean. Grown in the unique micro-climate of an ancient volcanic slope in Panama, these beans are uniquely sweet and flavorful. Using Sisel's in-house infrared roasting process, each coffee bean is evenly roasted at a low temperature to reduce acidity levels and prevent coffee beans from tasting burnt or bitter.*

Blended with potent ingredients like Chaga, Gotu Kola, Bacopa, and Ganoderma (Reishi mushrooms), this coffee can support your immune system, improve cognitive function, and help strengthen your overall health. Each serving comes in a convenient sachet packet making every cup easy and quick to make without losing cafe-quality, rich flavor, or smoothness. This premium blend will keep you fueled, focused, and satisfied.*

DIRECTIONS
