Natural Lip Balm *Mint & Unflavored*

Moisturize and protect your lips with SiseLIPS Natural Lip Balm. Made with 100% natural ingredients, this lip balm can help soothe and calm dry, irritated skin, and protect chapped lips from damage. With the ABCs—aloe, bisabolol, and candelilla—your lips will feel plump, hydrated, and healthy.

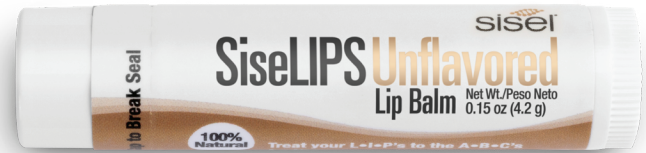

PRODUCT DESCRIPTION

SiseLIPS is a 100% natural beeswax lip balm that softens, hydrates, and nourishes using the ABCs—aloe, bisabolol, and candelilla. Aloe deeply moisturizes and soothes dry lips, bisabolol calms irritation and helps prevent dehydration, and candelilla strengthens and smooths. With added propolis (from beeswax), it forms a protective barrier to support healthy lips, while coconut oil delivers lasting moisture and nourishment.

A blend of nutrient-rich oils enhances lip health and hydration. Sunflower seed oil supports moisture retention, safflower seed oil helps reduce dryness, and olive fruit oil softens while protecting against environmental stressors. Vitamin E additionally provides benefits to support the delicate skin barrier. Made with natural flavors and sweetened with stevia, SiseLIPS Lip Balms nourishes and protects your lips for a long-lasting, healthy feel.

DIRECTIONS

Apply liberally to lips as often as needed.
