SiselSOAK™ Relaxing Bath Salt

Ease into a calming bath with SiselSOAK Relaxing Bath Salt, blended with ancient sea salts, Epsom salts, premium essential oils, and 59 trace minerals. Relieve muscle tension, relax and refresh, soothe your mood, restore mineral deficiencies in your skin, and maintain a healthy glow with this spa-like soak.

PRODUCT DESCRIPTION

SiselSOAK contains unique mineral salts harvested from ancient underground deposits formed by prehistoric seas millions of years ago. Naturally preserved and untouched by modern pollutants, these salts offer a rare purity and mineral-rich profile that sets them apart. Combined with soothing Epsom salts, this blend helps relieve muscle aches and helps draw out impurities to support detoxification.

SiselSOAK includes a calming blend of lavender and Siberian fir essential oils for a serene, grounding aroma, and can help soothe irritated skin and may even reduce swelling. Fulvic minerals, containing 59 trace elements, help replenish the skin and promote a healthy glow. Additionally, blackcurrant, hibiscus, carrot, apple, and vitamin C provide gentle antioxidants and help nourish the skin for lasting resilience and health.

DIRECTIONS

Use 1 sachet of bath salt for a standard-size bathtub filled with warm water. Pour the salt into the running water to help it dissolve faster into the bath. Soak in the tub for at least 12-20 minutes.
