# Terminator® Mouth Rinse

Optimize your oral health with Terminator® Mouth Rinse, designed to help freshen your breath, reduce bacteria, and support overall oral hygiene. Mixed with a cool mint flavor, Terminator is gentle and safe for those with sensitive issues. This rinse helps protect your teeth against dental plaque and cavities, is highly effective, and is alcohol-free.

## PRODUCT DESCRIPTION

Terminator helps limit the growth of odor-causing bacteria while protecting against harmful microbes and leaving breath fresh. Bacteria in the mouth feed on sugars from the food you eat. These bacteria then produce acid as a byproduct, which can erode your enamel and cause dental problems. Terminator uses stabilized chlorine dioxide, a gentle ingredient, to neutralize odors, ward off bacteria, and freshen breath.

Terminator additionally uses a natural sweetener, xylitol—found in fruits, vegetables, and birch trees—to help reduce oral bacteria. Xylitol not only adds a naturally sweet note to complement the fresh minty flavor of Terminator, but it is tooth-friendly, reducing oral bacteria instead of feeding it. Terminator uses only safe ingredients, is alcohol-free, and is gentle enough to be used by most people with sensitivity concerns.

## DIRECTIONS

- ▶ Swish a small amount of Terminator in your mouth for at least 30 seconds, twice daily. Do not swallow.

## INGREDIENT FEATURES & BENEFITS

- ▶ **Fights Bacteria:** Protects teeth against bacteria using stabilized chlorine dioxide and xylitol, which help to prevent dental issues and support long-term oral health.
- ▶ **Freshens Breath:** Includes a fresh, minty flavor with natural sweetness from xylitol for a clean rinse and fresh breath.
- ▶ **Gentle Formula:** Formulated with mild ingredients, this mouth rinse is suitable for most, including those with sensitivity issues.
- ▶ **Sisel Safe®:** This formula is alcohol, paraben, and sulfate-free, and is the perfect mouth rinse to use daily.

#### CLEAN TEETH

Helps fight bacteria and prevent dental issues for long-term care.

#### FRESH BREATH

Minty flavor helps clean teeth and freshen breath.

#### GENTLE FORMULA

Mild ingredients clean safely and thoroughly.

#### SENSITIVITY

Gentle formula is safe for most sensitivity concerns.

## INGREDIENTS

Net Weight: 16 fl oz (475 mL)

Water (Aqua), Xylitol, Chlorine Dioxide, Dipotassium Phosphate, Phosphoric Acid, Flavor (Natural), Mentha Piperita (Peppermint) Oil.

## WARNING

Do not intentionally swallow rinse. Avoid contact with eyes. Supervise child use. Do not use if tamper-evident seal is broken.

### ALSO AVAILABLE IN A CONVENIENT TRAVEL SIZE

Net Weight: 2 fl oz (60 mL)
