XYVantage Boost™

Testosterone Support

Support healthy testosterone levels with XYVantage Boost, a high-performance formula designed to fuel strength, endurance, muscle, energy, drive, and balanced mood in men. Featuring patented TestFactor® and KSM-66® Ashwagandha, this advanced supplement helps support positive motivation, vitality, and energy.*

PRODUCT DESCRIPTION

XYVantage Boost is a unique supplement made to support healthy testosterone levels in men. XYVantage Boost incorporates TestFactor, an ingredient that has been demonstrated in human clinical trials to support healthy testosterone levels in men. This may promote libido, help with muscle performance, and combat mental and physical fatigue. Supporting natural testosterone production promotes strength, performance consistency, and sustained energy.*

XYVantage Boost also uses KSM-66 Ashwagandha to provide support for natural testosterone levels which encourages positive performance and natural muscle development, challenges body fat, and promotes endurance. Alongside these patented ingredients, XYVantage Boost includes a proprietary blend of complementary botanical extracts that work synergistically to support overall vitality in men.*

DIRECTIONS

▶ Take 4 capsules daily with 8 oz of water.

Do not exceed 90 days of continuous use without a two-week break. Store in a cool, dry place.

INGREDIENT FEATURES & BENEFITS

- ▶ **Testosterone Support:** Combining TestFactor, KSM-66 Ashwagandha, fenugreek, and longjack supports natural testosterone in men and helps maintain hormonal balance and vitality.*
- ▶ **Muscle Strength:** TestFactor, KSM-66 Ashwagandha, fenugreek, and supporting ingredients like cayenne pepper and longjack, help men power through their workouts and promotes positive muscle strength and endurance.*
- ▶ **Energy & Recovery:** KSM-66 Ashwagandha supports healthy recovery from exercise-induced fatigue and encourages natural recovery after training. Mucuna pruriens and theobromine may also promote energy, focus, and sustained performance for more consistent results.*
- ▶ **Mood & Motivation:** Healthy testosterone levels supported by TestFactor, fenugreek, and longjack may enrich libido, motivation, and overall satisfaction. Mucuna pruriens may also support drive and positive mood.*
- ▶ **Overall Vitality:** This supplement is formulated to encourage overall well-being and daily vitality. The inclusion of pomegranate supports overall cellular health while cayenne pepper may help support metabolism and energy levels. Black pepper is also included for nutrient absorption, thereby helping the body make the most of each ingredient.*

**These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.*

WARNING

This product is intended for healthy adult men and not for women. If you are under the age of 18 or have a pre-existing medical condition, consult with your health care provider before taking this product. Do not exceed recommended use as improper use will not improve results. Do not exceed 90 days of continuous use without a two-week break. This product is intended to promote testosterone levels but does not contain testosterone. Discontinue use two weeks prior to any surgery. If any adverse reaction occurs, discontinue use and consult your health care provider. Do not use if tamper-evident seal is broken. Keep out of the reach of children.
